### Early Aristocrats

You will get a great thrill out of this new race of early flowering Iris Aristocrats. They follow the Dwarf Irises in bloom and will come into full flower in your garden while your neighbours are still looking for buds on their Irises. Each variety is a Masterpiece. Each one is a different color. One of them is the deepest colored Iris grown, so intense that it seems to be dripping with color, and so velvety that the entire flower seems to be cut out of the finest plush. Each of the others is equally striking. They are all large and handsome and produced on flowering stalks from 24 to 36 inches tall.
